Demon Copperhead by Barbare Kingsolver

Upcoming February 26
Hulu by Jasmin 'Olani Hakes

Hi'i is the youngest of the legendary Naupaka dynasty, only daughter of Laka, once the pride of Hilo; granddaughter of Hulali, Hula matriarch on the Big Island. She demonstrates her devotion to her culture through hula--the beating heart of her people expressed through the movement of her hips and feet.

Yet she has always felt separate from her community, and the harder she tries to prove she belongs--dancing in the halau until her bones ache--the wider the distance seems to grow. Soon, fault lines begin to form, and secrets threaten to erupt. Everyone wants to know, Hi'i most of all: what really happened when her mother disappeared, and why haven't she and her grandmother spoken since? When a devastating revelation involving Hi'i surfaces, the entire community is faced with a momentous decision that will affect everyone--and determine the course of Hi'i's future.
